

### **Where We Are**

God has been faithful to work in the hearts and lives of the children in our area. Many public schools have been closed to all clubs (not just CEF) over this past year, but we have seen renewed interest in restarting clubs both among public school administrators and the children in the schools. In fact, in some of the few schools that have now reopened, some Good News Clubs this fall have seen over 100 kids in attendance! We continue to see salvations and proof that even though we may feel deterred by restrictions, the Gospel is not hindered!

### **Our Plan for 2022**

We see encouraging signs that public schools in our area will reopen soon to after-school clubs. Provided that these schools open, we have 15 Good News Clubs planning to restart this spring and proclaim Christ! Pray that God will raise up the GNC teams, provide funding, and cause schools to open to clubs so that we can reach children with the Good News of Jesus Christ.

### **Our Needs**

Would you please join us in prayer for the following praises and needs:

- Praise for the salvations of the children who have come to Christ through our Good News Clubs and for the many who have been disciplined this year.
- Pray that more public schools would reopen for more Good News Clubs to restart this spring.
- Pray that God would lay on the hearts of His people to give to the ministry of CEF. Prayerfully consider whether God would lead you to donate to the CEF of Central VA Chapter. We have included ways to give on a separate page or you can visit our website.

Thank you so much for partnering with us as we work to evangelize children, disciple them, and establish them in Bible-believing churches.

For the Sake of His Gospel,

*Jay Hamilton*
